WORK EXPERIENCE

Forto

Sr. Product Designer · Berlin · June 2022 - present

Leading feature design on core and growth initiatives. Focus on the internal tools for Logistics Operations managers in China and EU region. In parallel, supporting the leadership in establishing Forto's Design function.

ScaleXP

Product Designer · Remote · July 2021 - January 2022

Leading the design efforts for ScaleXP software experience. Establishing value proposition for upcoming product features and taking ownership in defining Design principles, creating user-journey flows, prototyping high-fidelity mockups, and building a component library.

Nutanix

UX Designer · Remote · Nov 2020 - July 2021

Working with Berlin design team (remotely), establishing the value proposition and shaping the vulnerability scanner user experience - a new product offering to improve software security hygiene for enterprise cloud.

Recko

UX Design Consultant · Bangalore · May 2020 - July 2021

Took ownership of the Recko Design System (DS). Defined the principles, laid the DS foundation, created and documented the UI library, and set internal handoff practices to enforce DS adoption, helping to reduce the development time by ~40%.

Clarisights

UX Designer · Bangalore · Feb 2019 - Jan 2020 / - covid-19- / Dec 2020 - Apr 2021

Leading the redesign process of Custom Dimensions (CD) - a core product feature. In collaboration with the customer success team, designed, tested, and shipped experiences to increase CD value creation by 2.2x.

Embibe

UX Design Consultant · Bangalore · Sept 2019 - Dec 2020

Smartbeings

UX Design Consultant · Bangalore · Oct 2017 - Jan 2019
